3. 2 new KY NAWGJ members: Tiffany Brown and Molly Kollmann
4. Region 5 congress attendees: Michael Crowe, Angela Dickey, Tina Bryant, Lee Warner and Kathy Case (?).
5. Judges Cup. To be held at Legacy in Lexington. Legacy will be offered to do concessions, shout outs and programs for their boosters. Will have drawing for two paid trips to the national judges' cup in Arizona.

6. Carole Raised Concerns about more responsibility for judges cup being spread out...will be put into action this year.
7. Carole also brought up concerns about more \$\$ from account going to pay for more educational expenses for members (pointing out that the expense for attending happenings like national symposium cost upward of 500 dollars even with kynawgj covering room fees and may be why more members are not attending.) Michael wanted to point out that of the nawgj account 70% roughly is allocated in members bank accounts and 11 members have \$400 or more in their "bank" that did not attend national symposium...Michael agrees that members should have more national clinic exposure, but keep in mind too that their banks are set up for this purpose and they should be using them for such purposes...though we will at next meeting look into what more we can do for judges educational opportunities.
8. Of the roughly \$11,000 profit on the 2009 ky judges' cup roughly \$6,300 went directly back to members through additions to bank (\$3780), bonuses for working all sessions (450), nawgj dues (\$1210) and flip charts (\$855)

Meeting Adjourned
